

# GERMANS TO FIGHT ITALY

## NAZI OPPOSITION MET BY NEW FORCE OF INVASION TROOPS

### ITALIAN SOLDIERS REPORTED FIGHTING ALONGSIDE OF ALLIES

By ROGER GREENE  
Associated Press War Editor.

Fresh American troops were locked in battle with the Germans for the first time in Italy today, after pre-dawn landings in the Naples area 100 airlines miles south of Rome, and Italian soldiers were reported fighting alongside the allies in a mighty sweep northward into Hitler's Europe.

Dispatches from the Swiss-Italian frontier said the allies were moving up the Tyrrhenian sea coast with an advance guard of Italian troops.

While the Germans claimed they had seized control of all northern and central Italy, eyewitness reports said Milan, Turin and other industrial centers of northern Italy were completely in the hands of Italian army authorities.

Swiftly in the wake of Italy's unconditional surrender to the allies, Italian army leaders rushed troops to the leading airbases around Milan to prevent their seizure by the Germans.

Battle-size clashes between the Germans and Italians were said to have erupted throughout the Po river region.

Unconfirmed reports, a flurry of unconfirmed reports and rumors told of new allied landing at Ostia, the port of Rome, at two other points 40 miles north and 75 miles south of Rome; at Leghorn, big naval base 160 miles above the capital; on the eastern (Adriatic) coast of Italy, and in Sardinia.

Stefani, the Italian News Agency, broadcast another rumor that "The British fleet is off Genoa."

Simultaneously, a Berlin broadcast asserted that German forces in Italy—estimated at 250,000 troops—were disarmed Italian soldiers after crushing "local resistance."

Later, Berlin said Italian troops "occupied Brenner Pass," a vital link between northern Italy and Germany—on Tuesday, 24 hours before the announcement of Italy's surrender, and admitted that Italian and German soldiers had been fighting in some parts of the kingdom.

In a confused series of broadcasts, indicating a state of nervousness, the Germans previously announced that nazi troops had occupied both Northern and Central Italy.

Italy As Battleground.

The broadcast said steps to maintain Italy as a battleground were put into force by nazi occupation troops immediately after yesterday's announcement that Premier Marshal Pietro Badoglio had capitulated.

Berlin made it clear that Germany intends to fight for the fall.

See INTERNATIONAL, Page 3

## NEW PIPELINE FROM MIDLAND-CORSICANA BE STARTED SOON

### WILL PROVIDE MUCH NEEDED OUTLET FOR WEST TEXAS FIELDS

WASHINGTON, Sept. 9.—(AP)—Construction of a pipeline from Midland, Texas, to Corsicana, Texas, to provide a much-needed outlet for the oil of the rich West Texas-New Mexico Permian basin, will begin in mid-November, says a Texas Secretary Harold L. Ickes. Ickes announced yesterday the War Production Board (WPB) had approved the use of 335 miles of new 12-inch pipe, valued at \$29,900,000, for the line to carry oil from the Permian basin, which he described as the "last known area in which the United States crude oil production can be substantially increased."

The secretary has asserted several times recently there was a possibility of a severe war-time oil shortage unless its unessential use was curtailed.

The new pipeline will carry 42,000 barrels of crude oil daily from the Permian and adjacent producing fields to connecting pipelines that serve refineries on the Texas Gulf Coast, Ickes said.

The secretary, who also is petroleum administrator for war, announced that the WPB also had approved, and that the Magnolia Pipeline Company would begin immediately construction of a 46-mile feeder line from Seminole to Midland, consisting of 8-inch second hand pipe.

Ickes said construction of the Midland-Corsicana line would start 30 days ahead of original plans and that construction of a companion outlet for additional movement of West Texas oil would start later this year.

The companion line, to be built by Stanolind Pipeline Company from the Slaughter field to Drumright, Okla., will provide initial flow of 55,000 barrels a day, making the initial capacity of the two lines 107,000 barrels a day.

## Additional Jap Ships Sunk by U. S. Submarines

### WASHINGTON, Sept. 9.—(AP)—Six more Japanese merchant ships have been sunk by American submarines and four have been damaged in attacks on enemy supply lines, the navy announced today.

These ten successful attacks raised to 219 the total of Japanese transport, cargo and warships which have been reported sunk or damaged by American submarines since the war started.

This total includes 223 ships definitely listed as sunk.

The text of the navy communication:

"Pacific and Far East: '1. United States submarines have reported the sinking of six enemy vessels and the damaging of four others in operations against the enemy in waters of these areas, as follows:

"Sunk: Two large freighters, one large cargo, one medium tanker, one small freighter, one medium cargo.

"Damaged: One large cargo, two small cargo, one medium freighter.

"2. These actions have not been announced in any previous navy department communication."

## THIRD WAR LOAN IS LAUNCHED AS ITALY GETS OUT OF WAR

### PEOPLE WARNED BY PRESIDENT, HOWEVER, TOUGHTEST TASKS AHEAD

By TOM REEDY

WASHINGTON, Sept. 9.—(AP)—Axis Italy has fallen, Berlin and Tokyo are surely next, but the task ahead is "bigger and tougher," and Americans should fend off any rocking chair philosophy that the war is won.

In this vein, President Roosevelt touched off the Third War Bond Drive for \$15,000,000 last night.

Anticipating a wave of optimism, the President warned in a radio address that the "time for celebration" hadn't arrived. Moreover, he asserted, he has an idea that the day of final victory will find this nation in a mood of "grim determination that this shall not happen again," rather than in a celebrating frame of mind.

After referring to the hard job yet to be done, Mr. Roosevelt perhaps tipped off his listeners to big things happening even as he spoke. At two points in his prepared speech he interpolated the phrase "at this moment" when seeking of Allied troops landing on strange shores, and when bombers roaring in at roof top level. He may, or may not have had in mind the new Allied landings at Naples, announced a few hours later.

The President called the Italian armistice a victory for both the Allies and the Italian people, released after years of "war and suffering and degradation."

The Mediterranean war is far from finished, however, he declared for "we must drive the Germans out of Italy x x x We must drive them out of France and all other captive countries; and we must strike them on their own soil from all directions."

The Italian denouement consummated plans made at Casablanca last January, said Mr. Roosevelt, and he and Prime Minister Churchill "have made."

## SWITZERLAND GOES ALL-OUT TO PROTECT HER NEUTRALITY

### By FRANK BRUTTO

BERN, Sept. 9.—(AP)—Little Switzerland in the heart of Germany-held Europe rushed troop reinforcements to her frontiers today to await any eventuality as published press reports here said the Swiss government and Italy was fast approaching a climax.

All Swedish newspapers published a Federal Council order reinforcing frontier units.

The Berlin radio in a Bern dispatch recorded by the Associated Press said the Federal Council had mobilized the special frontier troops and they were moving into positions on the Swiss border.

A German frontier report to the Gazette of Lausanne, meanwhile, said Nazi police were refusing entry to German troops moving into positions in Germany who were besieging the police bureaus in great numbers.

A dispatch to the Bern newspaper Der Bund said strong Italian formations were drawn up within a few miles of German troops in the region of the Etsch river in the Trentino district of Northern Italy and near Venice.

Unofficial messages which could not be confirmed said the Badoglio government had appealed to Germany to withdraw her troops from Italy. There also were reports of incidents between individual Italian and German soldiers and the attitude of the Italian people was said to be openly hostile to the Germans.

## GERMAN MILITARY OCCUPATION PARTS OF ITALY REPORTED

### HITLER COUNCIL AF WAR DECIDES TO FIGHT FOR POSITION OF NATION

LONDON, Sept. 9.—(AP)—A German military spokesman announced today that "North and Central Italy have been occupied by German troops," a Berlin broadcast said today.

In so far as the occupation had not been carried out already it has now been done. In most towns of Italy the armed forces allowed those forces to be disarmed (by Germans) without offering resistance," declared the broadcast, still quoting the nazi military spokesman.

At the same time the spokesman declared allied troops which landed Tuesday on the Gulf of Eufemia, north of Palmi, had been enveloped by German troops and "their annihilation was imminent Wednesday evening."

Reuters reported from Stockholm that Adolf Hitler had held a war council today at which it was decided to reinforce the German position and fight to the last man.

At the same time the German radio began issuing a stream of orders, apparently for the purpose of confusing the Italians and contradicting the steps taken by the surrendering Badoglio regime in Italy.

One Berlin broadcast said a new "Italian fascist government" by the Germans in Germany had issued orders to Italian ships to remain in continental ports and that the "air force would bomb ships which sail for North Africa" as was ordered by Marshal Badoglio yesterday.

Meanwhile, however, a Reuters dispatch from Stockholm indicated that the Italian peace was having repercussions in Germany itself. The dispatch said that blackshirts and SS troops were patrolling the streets of Berlin and that Swedish correspondents reported an atmosphere of tension prevailed in the city.

The surrender of Italy threw into confusion the entire German positions in the Balkans, and Adolf Hitler's whose ramshackle political structure in southern and southeastern Europe seemed today to be in danger of falling to pieces even before the Germans are driven from Italy.

Dispatches to London newspapers told of Admiral Nicholas Horvich, chief of the German navy, summing his chiefs of staff and promising a "most important declaration" later today; of heightened fears and festiveness in already fearful Rumania and the shakiness of Bulgaria, not minus her pro-Axis King Boris.

## STORY OF MARCUS ISLAND ATTACK IS FINALLY BEING TOLD

### GREAT U. S. TASK FORCE SKEEING FIGHT FAILS FIND OPPOSITION

By TOM YARBROUGH

PEARL HARBOR, Sept. 9.—(AP)—The biggest aircraft carrier force ever assembled on a single mission, the Pacific holly appeared 900 miles past Japan-held Wake and within 1,200 miles of Tokyo, sent bombing planes for eight hours over Marcus Island Sept. 1 until dawn Sept. 1 to be laid waste.

Not a Japanese plane got off the ground. Not an enemy bomber showed up from other bases within range. Not a ship from Nippon's war fleet interfered at any time with the American task force, simply bruising for a fight in so-called enemy controlled waters.

One-ton block buster bombs, dropped for the first time from carrier-based planes, blew up Japanese hangars, fuel, ammunition stores and living quarters and took-marked two mile-long runways facilities which the enemy had improved 400 per cent since Marcus first was raided in March, 1942.

From an aircraft carrier near Marcus, I saw these planes take off before dawn Sept. 1 to begin the job of reducing Marcus to ruins. Hour on hour into mid-afternoon, dive bombers, torpedo bombers and fighters—Grumman Hellcats making their debut in combat—only to be disappointed by the complete absence of enemy air opposition—kept up a methodical pounding.

See MARCUS ISLAND, Page 5

## War At A Glance

### By The Associated Press

MEDITERRANEAN — American-British forces land near Naples; battle with Germans raging.

EUROPE — American-British bombers pound enemy targets in France in heaviest daylight raid of war.

PACIFIC — American submarines sink six more Jap merchant ships.

RUSSIA — Red army pressing Germans back to Dnieper river.

## "Back The Attack!"

Today is THIRD WAR LOAN opening day—Today is INVASION DAY for you. Today you land from assault boats. Today you make a run for the target. Today you crouch in a foxhole and pray to God that the folks back home are safe. Today you lunge forward in a tank against enemy artillery fire. Invasion! Bloody invasion!

No, you are not going to face the peril in person. Your son, your brother, your husband and your friends will take care of that job. You can—you must penetrate Axis territory with your dollars. Someone you hold near and dear may fall, if you are not awake to your new invasion responsibilities. The Third War Loan is a hurry call from the Commander-in-chief for every last penny and dollar for War Bonds to double and triple the supplies for our invasion armies. Back the attack with a minimum of an EXTRA \$100 War Bond today. That's the very least you can do to help your fighting boy.

## SUBSTANTIAL BLOCK OF BONDS PURCHASED FIRST DAY CAMPAIGN

### PRODUCTION CREDIT ASSOCIATION BOARD VOTED INVEST \$10,000

The Corsicana Production Credit Association, made up of 1,000 or more farmers and ranchmen, today became one of the first groups in Navarro county to buy a substantial block of bonds in the Third War Loan Drive which opened Thursday to raise \$3,082,700 in Navarro county.

The association's board voted to invest \$10,000 in bonds, bringing the group's investment in war bonds to \$40,000, according to an announcement by G. R. Love, a member of the board.

Will Need Extra Money.

"Every family needs reserves in war bonds to help them in the post-war days, and they need extra money to pay for replacement of things that are wearing out now but cannot be bought for the duration," Love said.

"We urge all farmers and stockmen to make their financial plans drop by the first time they buy war bonds regularly. We will help association members arrange for funds for systematic bond purchases through the year," the board member declared.

The purchase today, Love said, represents about \$40 that each of the 1,000 association members has.

## COOLER WEATHER CONTINUES PREVAIL OVER MOST TEXAS

### By The Associated Press

In contrast to the recent sweltering summer, today's temperature readings over the state showed continuation of the cool weather following drought-breaking rains of the past week-end.

Amarillo registered a minimum of 53 degrees for the 24-hour period ending at 6:30 a. m. today, the Dallas weather bureau reported, with Abilene nine degrees higher for a recording of 62, and Dallas, Big Spring and Brady showing a 64-degree mark.

Fort Worth had a 65-degree minimum today and El Paso and Brownsville 66 each.

Laredo had another rain last night, the 71-inch fall pushing the city's total for the past six days to 3.05 inches. The summer drought was broken in the Laredo district Sept. 2-3 with a 2.04 inches fall.

Plainview registered a minimum of 55 last night and Tuesday night, the coldest weather of the week.

A minimum of 50 was recorded at Pampa Monday and Wednesday mornings, with a low today of 53.

At Corpus Christi the weather continued hot with daily temperatures of 90 or above. Showers early today were light but more were promised and the mercury may drop below 90 for the first time since June 29, an all-time record there for consecutive days with a high of 90 or above. The coldest

## MORAL EFFECT OF SURRENDER OF ITALY MAY BE GREATER THAN MILITARY VALUE OF VICTORY

By DEWITT MACKENZIE

Italy's surrender is a good deal like the Christmas present which we knew we should find in our stockings but which is none the less a matter of much rejoicing.

The capitulation of this first member of the axis to go under in the allied flood represents a military triumph, but the moral effect may be even greater. This is particularly true of the Balkans, where disaffection is running through the axis satellites and the occupied countries are eager to get at Hitler's throat. It will cast a long shadow across the unhappy people of Germany itself.

Italy's collapse has robbed the nazi fuhrer of his magic.

Many advantages lie in this triumph, but it seems to me that the vital consideration is that it represents the liquidation of axis power in the whole Mediterranean theater.

The preliminaries to the conquest of Italy are great pages in the history of the world war is the record

## GREATEST BOMBING FORMATIONS OF WAR BLASTING AT EUROPE

### THURSDAY'S DAYLIGHT RAID SPEARHEADED BY FLYING FORTRESSES

By GLADWIN HILL

LONDON, Sept. 9.—(AP)—With allied forces swarming into the heart of fallen Italy, the greatest formations of American and British bombers ever hurled across the channel by daylight pounded today at enemy ports and air fields in northern France, carrying into the eighth consecutive day a terrific aerial offensive which may form the final prelude to invasion from the west.

The unprecedented assault, launched in conjunction with the largest invasion exercises ever seen in the channel, climaxed 18 hours of steady pounding of Hitler's Atlantic fortifications during which not a single allied plane was downed by German air units charged with defending Europe against the long-awaited push.

Enemy naval vessels and coast artillery were among the prime targets of the vast bombardment accompanying the invasion rehearsal which kept the French coast-line alight all night with bomb bursts and anti-aircraft fire and rattled windows this morning six miles inland from the English shore.

American Flying Fortresses and Thunderbolt fighters spearheaded the widespread daylight attacks. First announcements from U. S. headquarters and the British Air Ministry said American heavy bombers and RAF fighter-bombers struck at air fields and other targets in Northern France while fighter squadrons patrolled the channel and swept over France with all with remarkably little opposition.

Start Attack Late Wednesday.

American and British medium and light bombers started off the intensified attack late yesterday, sowing devastation around Boulogne. An authoritative announcement said Marauders of the U. S. 8th air force hit the same targets in daylight today.

The Berlin radio quoted the German news agency DNB as saying that Paris was the target of at least a portion of the huge bomber fleet which headed for Europe early today. The broadcast said the attack was made on the northern western part of France, by both American and British planes.

Dispatches from Folkestone said the great burst of daylight activity started shortly before 7 a. m. and during the first hour alone hundreds of Marauders, Venturers,

## INTENSIVE ADVANCE TICKET SALE FAIR, RODEO IS PLANNED

### THOROUGH CANVASS OF BUSINESS DISTRICT BE STARTED AT ONCE

The executive committee of the Corsicana Livestock and Agricultural Show, Thursday, announced an intensive block-by-block ticket sales campaign in the business district in the hope of selling \$5,000 worth of tickets before the opening of the Corsicana Fair and Rodeo.

C. K. Cate, advance ticket sales chairman, told the committee that the seats were being sold rapidly, but the sale of grandstand seats for the rodeo was "not good."

Canvass Business District.

The committee authorized Cate to choose his assistants and begin a minute canvass of the downtown district to sell merchants blocks of tickets to give their employees, customers or friends free places to put them, and added that other departments of the exposition were ready to show."

Edens estimated that \$5,000 worth of tickets should be sold before the opening of the Corsicana Exposition and Rodeo to guarantee expenses in the event the show was rained out.

Carnival Secured.

Robert C. Dillard, manager, told the executive committee that arrangements had been made to have a carnival at the exposition. A deal was worked out with the Home Defense Guard for a carnival it had booked to show on the Fair grounds, Dillard said.

He reported that we are going to have more shows than we've got places to put them," and added that other departments of the exposition were ready to show."

He looks for good showings in the milk and Shorthorn, Brahma, Jersey, Wm. and poultry divisions.

W. M. Spear reported that all arrangements had been completed for the rodeo.

Attending the meeting Thursday were W. M. Spear, Fred D. Prince, W. C. Stroube, J. M. Dyer, Joe E. Butler, A. F. Mitchell, Fred H. Harvey Jr., C. K. Cate, Will Thompson, J. N. Edens, Robert G. Dillard, B. Lynn Sanders and L. L. Wheelock.

See THE WAR TODAY, Page 11

## Germans Report Italians Occupy Brenner Pass

### LONDON, Sept. 9.—(AP)—The Germans announced tonight that Italian troops "occupied Brenner Pass" on Tuesday—one day before the announcement of Premier Pietro Badoglio's unconditional surrender—and acknowledged that Italian troops have been fighting the nazis in some parts of Italy.

In a broadcast restating and emphasizing the nazi line that Italy's capitulation was "treacherous," the German International Information Bureau, a propaganda agency, made these disclosures while claiming that the internal situation in Italy still was generally in German control.

The "most important" lines of communication are in the hands of the Germans or "Italian troops loyal to the axis," said the Berlin broadcast, recorded by the Associated Press.

This was an indirect claim that Badoglio's orders not to resist the allies any further were not being obeyed in all cases by the Italians.

The first instance of disarming

See BRENNER PASS, Page 11

## JAPANESE AIRFORCE SUFFERS HEAVILY IN SOUTH PACIFIC AREA

### APPARENTLY BRINGING IN PLANES FROM OTHER BATTLE FRONTS

By VERN HAUGLAND

ALLIED HEADQUARTERS IN THE Southwest Pacific, Sept. 9.—(AP)—The Japanese airforce, staggered by losses approximating 1,000 planes in little over a month in the South Pacific, is believed to be depleting its strength in China and Japan to support worsening ground situations in New Guinea and the Solomons.

Gen. Douglas MacArthur's headquarters said that the enemy apparently is drawing heavily from other fronts in efforts to "rehabilitate his air forces from a succession of recent heavy defeats" such as the destruction of more than 360 planes at Wewak, New Guinea.

Then headquarters added: "As a result, he is becoming weakened and vulnerable to air penetration in other theaters."

New losses were listed in today's communique which also reported Australian veterans of African campaigns brushing aside Japanese patrols five miles north of the coast of New Guinea, and strengthening of allied paratroop positions seized to the northwest.

Twenty-one Japanese planes definitely were destroyed and nine others probably as the enemy attempted to raid New Guinea and resist a heavy American plane raid on Bougainville in the Solomons.

Today's communique, reported a continued absence of heavy resistance by the Japanese at Lae but more than 20 miles below in the Bobdubi region south of Salamaua there was sharp fighting.

Ground troops nearer to Salamaua maintained their pressure on the enemy at the bottom of the hills of a trap being clamped on an estimated 20,000 Japanese in the Salamaua-Lae area.

In the allied air force kept up the deadly accurate work of blowing up strongpoint after strongpoint of the Lae garrison. Today's communique said that 96 tons of bombs were dropped Tuesday by waves of Liberators and B-24s on the installations in the Terrace area. In the Markham Valley between Lae and the airstrip which paratroopers seized Sunday, Mitchell

See PACIFIC WAR, Page 10

## ITALIAN DEBACLE BOOST OPPOSITION FATHER DRAFTING

### WASHINGTON, Sept. 9.—(AP)—Italy's unconditional surrender gave momentum today to a congressional drive for a ban on the drafting of fathers.

On both sides of the capitol demands were voiced for quick action to halt the projected induction of pre-World War fathers and for a general congressional survey of manpower resources.

"There just isn't any need for the drafting of pre-World War fathers," said Chairman May (D-Ky.) of the House Select Committee on the draft, "and the prompt enactment of legislation to block the move or at least to forestall it until the middle of next year."

Calling a senate military affairs subcommittee into session to consider the specific problem of a labor shortage on the west coast, Senator Downey (D-Calif.) demanded "a review of the whole military manpower situation."

Chairman Reynolds (D-NC) of the senate military committee, who already has called for "a general reassessment of the entire manpower program," told reporters the necessity for inducing fathers would have to be proven before it would win his approval.

## AMERICANS, BRITISH SURGED ASHORE NEAR NAPLES ON THURSDAY

### NEW INVASION FORCE IMMEDIATELY ENGAGED BY FIGHTING GERMANS

By EDWARD KENNEDY

ALLIED HEADQUARTERS IN North Africa, Sept. 9.—(AP)—A powerful American and British force under U. S. Lt. Gen. Mark W. Clark surged ashore in the vicinity of Naples, a third of the way up the Italian boot, at 4 a. m. today.

It was immediately engaged by German forces fighting fiercely in the midst of the chaos of Italy's unconditional surrender, but allied headquarters announced that operations were going according to plan and that prisoners already had been taken.

At the same time it was announced that waves of Flying Fortresses, striking six hours before the armistice with Italy yesterday, had wiped out German military headquarters in Italy with a terrific half-hour bombing of Frascati, 12 miles outside Rome.

Official reports said the town, nearly a century old, which was occupied by German officers, was leveled. The town, with a population of about 12,000, is famous for its wine.

The landing operations this morning (9 a. m. Wednesday, CWT) putting Americans into combat in Italy for the first time, initiated what was likely to prove the grimmest campaign yet fought in the Mediterranean theater.

Gen. Alexander Directing.

British Gen. Sir Harold Alexander, who commanded allied ground forces through the Tunisian and Sicilian campaigns, is directing operations of operations of troops in Italy, it was announced.

(In Washington, Secretary of War Stimson said troops making the landing near Naples included units of the American Fifth Army which has been commanded by Gen. Clark in North Africa. The Fifth Army as a whole never has been in action.)

The opening of the new Italian front in the North is promised the seizure of Naples, Italy's second greatest port, and also put the Germans in southern Italy under pressure from two directions as the British Eighth Army under Sir Bernard L. Montgomery continued to drive up the tortuous Italian toe.

Eighth Army Moves Ahead.

While other allied forces executed a second landing early Wednesday at Vibo Valentia on the Gulf of Eufemia, 30 miles north of Palmi, the Eighth Army, it was announced, swept forward until it held the road running across the peninsula from Locri to Gioia. The advance was a continuation of about 40 miles of the length of the toe.

Here the allies were being steadily reinforced.

The German plan apparently was to fight in the Salerno delay action in southern Italy as long as possible until their main defense line is reached in the mountains south of the Po Valley.

Northern Italy appeared to be under German domination.

Although Italian armed forces were under orders not to fight the allies, reports had not yet made clear whether all Italian units were

See ITALIANS, Page 11

## VICTORIOUS SOVIET ARMIES SWEEPING AFTER FLEEING NAZIS

### STALINO AND ENTIRE DONETS BASIN HAVE BEEN RECAPTURED BY REDS

By HENRY C. CASSIDY

MOSCOW, Sept. 9.—(AP)—With the great steel center of Stalino and the rich Donets industrial basin have in their grasp, two victorious Red armies swept forward today on the heels of the demoralized Germans fleeing toward the Dnieper river, their last main line of defense on Russian territory.

Front dispatches placed the Russian troops less than 70 miles from the Dnieper at some points, but the Germans were exposed to a greater immediate danger in the form of the Russian armored offensive, from Mariupol on the Sea of Azov westward to the isthmus of Perekop and the gateway to the Crimea.

The entire 700-mile front stretching as far north as Smolensk was ablaze as the mighty Russian war machine plunged ahead to rid the Russian soil of the invaders before the heavy autumn rains—already beginning—make mobile warfare impossible.

Red divisions, slashing west of captured Konotop in northern Ukraine, 100 miles from Kiev, kept nazi strongpoint on the center of the Dnieper defense wall. More than 200 towns were scooped up in the Soviet drive from Kharkov north to Smolensk yesterday.

See RUSSIAN, Page 10

## VICTIM OF ENGINE AND AUTO ACCIDENT DIED OF INJURIES

Claud James Douglas, aged 20 years, died in the Navarro Clinic Tuesday afternoon from injuries received Monday afternoon when an automobile in which he was riding was struck by a locomotive at the Cotton Belt Lines crossing on South Twentieth street.

The automobile was demolished by the impact and the cowcatcher on the locomotive was broken. The Buick Eight Sedan, owned by Louis Territo, the employer of Douglas, was carried more than 100 yards down the track before the engine was stopped, but the automobile did not turn over. The locomotive was traveling in an easterly direction and the automobile was going south at the time of the accident.

Several hundred people were attracted to the site of the crash. Surviving are his wife and daughter, Rachel Douglas, Corsicana; mother, Mrs. Maggie Samuelsen, Huntsville; four sisters, Mrs. Lucy DuBose, Mrs. Ethel Pauson and Mrs. Thelma Tubbs, all of Corsicana, and Mrs. Pearl Tribble, Galveston, and a brother, Pete Douglas, Clifton.

Douglas' death is the sixth automobile fatality in Navarro county during 1943.

Funeral services were held at the Raymond cemetery, near Centerville, Wednesday afternoon at 2 o'clock, where interment was made.

Sutherland-McCammon directed the arrangements.

## Mrs. Leon Daniels Heard From Brother Held in Philippines

Mrs. Leon Daniels has had the thrill of hearing from her brother, Captain Harry Katz, who has been interned in the Philippines for the past eighteen months. It was Mrs. Daniels' first direct word from him since Pearl Harbor, but she feels greatly encouraged. The two cards received by Mrs. Daniels were post-

## J. L. Easley Family Enjoyed Reunion at City Park Sunday

The J. L. Easley family held a reunion at the City Park Sunday. A large number of relatives attended the affair, but it was noted that several who usually attend the reunions were in the armed services. A check revealed that 15 close relatives were serving their country, six of these are already overseas.

Those attending the reunion Sunday were Nathan Utsey, Alice Mock, Jack Finney, Doyle Utsey, Mrs. Forrest Jones, Eula Fay Jones, Fairfield, Donald Ray Jones, F. E. Jones, Mrs. Mattie Walker, Dallas; Louise McNeely, Bart Worth; Mrs. Joe Smith, Houston; Jackie Smith, Houston; Henry Creasy, Wordell, Mo.; C. L. Finley, Teague; Mrs. C. L. Finley, Teague; Mary Bell Finley, Teague; Mrs. Sallie Moore, J. L. Easley, Laura Easley, C. L. Easley and three children, J. F. Easley and family, Mr. and Mrs. T. C. Easley, Teague; Mrs. Andy Cartwright and two children, Teague; Mr. and Mrs. M. Moles and son, Ivan, Dallas; S. H. Harris and baby, Mr. and Mrs. B. T. McFarland and four children, N. J. Moore and three children, Eva Mae McNeely, Fort Worth; Bill Utsey, Houston, and Mr. and Mrs. J. M. Utsey, Houston.

Immediate members of the Easley family who are serving overseas with the U. S. armed forces are J. T. Finley, John Allen Finley, Billie Joe Smith, Woodrow McFarland, Winford Easley, and Wayne Brown.

Others in the armed services are Aubrey Smith, Elmer Lee Smith, Elliott McFarland, William Leonard Creasy, James M. Easley, Hubert LaMance, Neal Marshall, J. T. Lott and Douglas Weaver.

marked in Japanese, and the dates are not known, but he mentioned every member of the family and spoke in appreciative terms of the American Red Cross, who have delivered packages to him. In fact, he requested that his sister thank the local Red Cross chapter in person for him. Capt. Katz stated that he is interned in Japanese Prison Camp No. 2.

**NOW IN FLORIDA**—Aviation Cadet Roscoe E. Renfrow, Jr., U. S. Air Forces, son of Mr. and Mrs. R. E. Renfrow, 1007 West Eleventh, entered the service two months ago. He was sent to Miami, Florida, for training and is now awaiting future assignment. A graduate of the Corsicana high school, Renfrow was formerly connected with the K. Wolens Department Stores headquarters.

## rites on Tuesday FOR JUNE WEBB, WHO DIED ON MONDAY

Funeral rites for June Webb, two and one half month old daughter of Mr. and Mrs. Albert Webb, Corsicana, who died at the P. and S. Hospital Monday afternoon, were held Tuesday afternoon at 4 o'clock at Pettys Chapel where interment was made.

Surviving are the parents, three sisters, Mrs. Ola Mae West, Corsicana; Mrs. Collie Gullett, Wisconsin; Mary Ann Webb, Corsicana; three brothers, Albert Webb, Jr., George Lee Webb and Dwight Gene Webb, all of Corsicana and other relatives.

Blake Gillen, son of County Commissioner and Mrs. Drew Gillen of Blooming Grove, was in Corsicana Tuesday morning.

## ON THE MARCH TO CANAAN, PEOPLE GIVEN LEADERSHIP\*

Hobab and Heaven Lent Guidance to Israel's Host as It Took Up the Trek Toward Promised Land—The Big Idea in This Present War

By WILLIAM T. ELLIS

Behind the war lies a big idea. For most of us it is hard to understand; and harder still to live up to. This struggle is no fortuitous clash between the Nazi-Fascist-Japanese pagans and the combined democracies of earth. (Heaven knows there are some sincere Christians among the Axis forces, and Unitarians arrayed against the United Nations.) There is an overruling Providence in it all. Satan and sin have their part in bringing to pass this conflict; but transcending all has been a "Destiny that shapes our ends, rough hew them as we will."

Our world may seem to be in the bitterness and suffering of Sinai; but it is on the way to Canaan. It is easy to lose sight of a great goal in the tumult of the struggle to reach it. Israel had been delivered from Egypt to find a new life in the Promised Land, led thereto by Jehovah. But Sinai, with its hardships, seemed so much more real than Canaan. Present pains always mean more than permanent peace.

**Keeping Clear Objectives**  
Like old Israel, our times appear more sensible of war's hardships than of war's ultimate objectives. Supreme and central is the truth that we are battling, according to all of our Eternal as we understand it, for a new and fairer world wherein dwelleth righteousness. We have come to one of history's decisive hours—the greatest or all-wherein the life of every mortal on earth will be changed for the better by our victory and by the new order that must ensue. We are on the march to Canaan. But, like the Israelites, we must be made fit.

Still like Israel, we have been drilled and disciplined at the Mountain of the Law. If we have not learned that there is a God over all, with a definite will for humankind, then we have missed the meaning of the events through which we have lived. The guidance of God, and His protection of those who seek to obey His laws, is the truth for these times. Not without significance is the present turning of all sorts of people, from philosophers in their studies to private soldiers on the battlefield, to the fundamental truths of religion. We are gradually sensing the reality that we are engaged in a business with God. Our new world must be on the Kingdom of Heaven pattern.

**Enter Hobab, the Guide**  
After two years at the foot of the Mountain of the Law, orders came for Israel to strike camp and move on. Little imagination is needed to picture the commotion of it all—the dismantling of tents, the packing of goods, the organization of groups; such as characterize present-day evacuations. These Hebrews, like our war workers, had "settled down" into their environment, and had no desire to move on. Housekeeping habits had dimmed their dream.

As the multitude began the difficult trek northward, Moses felt the need of a scout or guide; and his brother-in-law, Hobab, was just the man for the job. He asked Hobab's help, promising "Come thou with us, and we will do thee good."

But Hobab said "no." Then with applied psychology Moses put the matter in another way, presenting Israel's need; as if to say, "Come thou with us and thou wilt do us good." That higher appeal Hobab answered.

Many a man would enlist in the Church today if made to see that he is needed.

**Guidance in Pioneering**  
What Daniel Boone and Kit Carson were to the American pioneers, Hobab became to the migrating Hebrews. He knew all the passes and oases and camping sites of interior Sinai. Hobab the helper is a pleasant subject for study, representing as he does that great company of assistants to good causes—the editors, service club men, preachers, teachers and public-spirited citizens. Likewise he stands for our allies, the Chinese, the Indians, the Filipinos, the Slavs, who are not of our racial group. We alone cannot create a new life for the world. And Hobab also symbolizes the truth that it is from one's own kin-folk that help comes in need. Moses got more than a wife when he married Jethro's daughter.

Those historical pioneers, the Hebrews, had larger guidance than Hobab could give. The pillar of cloud and fire, symbolizing past providences, went before them. And they had the sacred Ark of the Covenant with its memorials of God's dealings with them. We who bear with us in our warfare the Ark of Democracy should be ever aware that its most precious content is the past providences of God toward our fathers.

The lesson of the Lesson is gathered up in some familiar lines by Dr. Charles Deems:—

"The world is wide  
And God is guide:  
So do not hurry."

"That man is blest  
Who does his best  
And leaves the rest:  
So do not worry."

**SEVEN SENTENCE SERMONS**

The vital point about religion, after all, is not what you think about it, but what you do about it.—Sir Wilfrid Grenfell.

My crown is in my heart, not on my head, not decked with diamonds and Indian stones, nor to be seen; my crown is called content; a crown it is that seldom kings enjoy.—Shakespeare.

Not what we give, but what we share.  
For the gift without the giver is bare.  
Who gives himself with his alms feeds three—  
Himself, his hundering neighbor and Me.

—Lowell.

How much trouble he avoids who does not look to see what his

## Corsicana Naval Officer Marries Atlanta Girl

Mr. and Mrs. William Hardy Smith of Atlanta, Georgia, announce the marriage of their daughter, Peggy Elizabeth, to Ensign Gerald Royce Chaney, son of Mr. and Mrs. Dee Chaney of Corsicana. The wedding was solemnized at 7 o'clock on September 3 at the Capitol View Baptist church, with Dr. W. Lee Cutts performing the ceremony.

The church was decorated with palms, white gladioli, and seven branched candelabra. Nuptial music was rendered by Mrs. Lawton Propp, organist, and Mrs. R. R. Patterson, soloist.

The bride, who was given in marriage by her brother, Technical Sergeant William Howard Smith of Camp Gordon, Ga., was beautifully attired in a model of soldier blue velvet with black accessories. She carried a lace handkerchief and a silver book showered with tuberoses and an orchid. For "something old" she wore a gold bracelet which was a gift to her mother on her wedding day.

Miss Elizabeth Ashworth, maid of honor and the bride's only attendant, wore a dress of dusty rose velvet with black accessories. She carried an old fashioned nosegay of pink, blue, and white garden flowers.

Ensign James H. Bemis was best man and Ensign Richard L. Ballard served as usher.

Following the wedding an informal reception was held at the home of the bride's parents. The bride's table was handsome in a hand crocheted cloth and centered with a tiered wedding cake with glowing white tapers. Mrs. A. L. Camp, Jr., presided at the bride's book.

Ensign and Mrs. Chaney, after a short stay in Fort Worth, Texas, will make their home in Miami, Florida.

J. B. Adkins of Purdon was in Corsicana Tuesday morning.

Continued from first page

British troops joined with American doughboys in the Naples landing, and a communique said prisoners were captured in the fierce fighting which immediately broke out with the Germans.

As the battle thundered into its climactic phases, other swift-breaking developments included:

1. Swiss dispatches said ex-Premier Mussolini had been shifted from Italy to the island of La Maddalena, off the northern coast of Sardinia, to prevent any axis attempt to rescue him.

2. The Swedish newspaper Svenska Dagbladet said the allied had landed on Sardinia.

3. Berlin announced the formation of a dummy "national fascist government" in the name of Mussolini in Germany and beamed appeals to Italian soldiers "not to obey the false orders of treason."

Sharp fighting had already broken out between Italian and German soldiers, however, by Berlin's own acknowledgment.

4. Stockholm dispatches said Adolf Hitler held a war council today at which it was decided to reinforce the German Po River line in Northern Italy and fight "to the last man."

5. In Hungary, Regent Admiral Nicholas Horthy summoned his chiefs of staff and promised a "most important declaration" later today.

Rumania and Hungary were both shaky, torn between Nazi pressure

**U. S. MARINE**—Pfc. Narlen R. Evans, U. S. Marine Corps, writes his mother, Mrs. Rennie Howard, 703 East Tenth Avenue, Corsicana, that he is somewhere in Pacific theatre of war and that he is getting along fine and enjoying excellent health. Entering the service March 13, 1941, he sailed for overseas duty February 18, 1943. Evans attended school in Dawson.

and a desire to get on the winning side of the allies.

6. London military commentators agreed that the allies' next step probably would be a drive into the

Balkans, across the narrow Adriatic sea from southern Italy into axis-occupied Greece, Albania or Yugoslavia.

7. Repercussions in Germany itself were indicated in a Reuters dispatch from Stockholm, which said Hitler's black-shirted Elite Guards were patrolling the streets of Berlin amid an atmosphere of high tension.

Other war headlines: Invasion—Spearheaded by U. S. Flying Fortresses, the strongest daylight bombing formations ever sent against Western Europe streaked across the English channel this morning, on a scale suggesting a prelude to invasion.

Russia—Soviet dispatches reported that the Red armies had stormed within 70 miles of Germany's great "second wall" defenses on the Dnieper river and said the Nazis were in demoralized flight.

Southwest Pacific—Australian troops routed Japanese patrols within five miles of beleaguered Lae, key enemy citadel in northeast New Guinea where upwards of 20,000 Nipponese troops are reported trapped.

Heavy Channel Firing—SAN SEBASTIAN, Spain, Sept. 9.—(AP)—Sounds of heavy firing, apparently coming from a point off the French coast, were heard late last night in this town on the Bay of Biscay near the Spanish-French frontier.

The noise stirred speculation that Allied warships might have been exchanging fire with German coastal batteries.

U. S. Destroyers Pass Gibraltar—MADRID, Sept. 9.—(AP)—Dispatches from La Linea today reported that four American destroyers had passed through the Strait of Gibraltar last night and continued eastward into the Mediterranean at top speed after a brief exchange of signals with Gibraltar.

The only large warship remaining in the harbor of Gibraltar last night, the dispatches said, was a United States battleship of the Texas class.

Elliott Roosevelt in London—LONDON, Sept. 9.—(AP)—Col. Elliott Roosevelt, whose photographic reconnaissance unit with the North African Air Force helped lay the groundwork for the invasion of Sicily, has arrived in London on a secret mission, it was disclosed today.

The President's son came from

**IN CALIFORNIA**—In a recent letter to friends Sgt. John E. Sears, U. S. Army, now stationed near Goff, California, tells of leading his platoon in fighting forest fires for three days and nights. Prior to being transferred to his present post he was on duty at Camp Wolfer for a year. Sgt. Sears was connected with the K. Wolens Department Stores headquarters when he entered the service.

Washington, where he had attended a series of military conferences.

Immediately upon his arrival here, Col. Roosevelt, who said he was still attached to the North African theater of operations, conferred with high air force officials, including Col. James Hall, of Fort Worth, Texas, chief of the photographic reconnaissance unit of the U. S. Eighth Air Force.

Corsica Told Hour Is Near.

NEW YORK, Sept. 9.—(AP)—Radio France in Algiers today broadcast a message to residents of axis-occupied Corsica to "prepare x x calmly and confidently" because they "are on the threshold of liberation."

The message was broadcast by the president of the Federation of Corsican Groups in North Africa.

Invasion Rehearsal.

LONDON, Sept. 9.—(AP)—In a full dress rehearsal of invasion plans for the future all arms of the British services have completed a giant

amphibious exercise in the English Channel, it was announced officially today.

A brief communique issued jointly by the admiralty, the war office and the air ministry said:

"A full scale amphibious exercise has recently taken place in the English Channel. It has been most successful and valuable lessons have been learned by the service and civil authorities concerned."

Canadian Production

OTTAWA, Sept. 9.—(Canadian Press)—Expenditures on war construction and production in Canada since Sept. 9, 1939, total \$6,500,000,000—approximately \$600 for every man, woman and child in the Dominion—the munitions department announced today.

det said today he was told by a German government spokesman

Cannot Save Italy.

STOCKHOLM, Sept. 9.—(AP)—The Berlin correspondent of the Stockholm newspaper Aftonbladet that the Italian surrender "can not save Italy from being a battleground for a long time."

Turkey Enthusiastic.

ISTANBUL, Sept. 8.—(AP)—(Delayed)—The Italian collapse was greeted with unofficial but unvelled enthusiasm in Turkey.

Americans Not Good Prisoners.

NE WYOM, Sept. 9.—(AP)—American soldiers don't make good war prisoners, in fact, they are rebellious and resentful because they "can't finish the job they came over to do."

Such was the report made yesterday by Dr. Tracy Strong, world director of the YMCA's war prisoners aid committee, who has just returned from Stockholm and London.

BUENOS AIRES, Sept. 9.—(AP)—Foreign Minister Segundo Storini told a press conference last night that the surrender of Italy was not expected to cause any change in the foreign policy of Argentina, only western hemisphere nations still maintaining relations with the axis.

CHICAGO, Sept. 9.—(AP)—America's fighting men all over the world are going to see baseball's world series this year.

They will see it in a two-reel, 22-minute sound film that will be distributed to all foreign bases, Lew Fonseca, promotional director of the American League and producer of its annual motion pictures, said today.

SICILIAN MAFIA IS REPORTED SMASHED FROM HIGHER UP

By MICHAEL CHINIGO

Representing the Combined American Press.

Distributed by Associated Press.

WITH AMERICAN FORCES IN SICILY, Sept. 9.—The Mafia, Sicilian extortionist gang which Fascism tried for years to rub out and then incorporated as one of its own criminal appendages, has been smashed from the top.

Two of its notorious ring leaders, Domenico Aomasselli and Giuseppe Pirano, and 17 district bosses were nabbed in a joint British-American coup in which even Scotland Yard had a hand.

All of them are safely behind bars and the responsible Allied authorities have enough leeway on the other regional chiefs to insure their capture.

WEATHER

reading at Corpus Christi this week was 74.

Minimum temperatures of 65 were registered at Corsicana Tuesday night and last night, with a clear, cool atmosphere and a light breeze. All farm work has been resumed following the week-end rains.

Iran Reported in War.

LONDON, Sept. 9.—(AP)—Reuters said in a dispatch from Tehran tonight that Iran has declared war on Germany.

Iran, formerly known as Persia, has been cooperating with the allies for many months, permitting the use of its territory in the sending of lend-lease supplies to Russia.

WORTHAM HIGH IS  
ADDED TO DISTRICT  
21-B GRID CHASE

REVISED SCHEDULE WAS  
MADE THURSDAY BY  
EXECUTIVE COMMITTEE

Schedules for District 21-B Inter-scholastic League, were revised at the meeting of the executive committee here Thursday. This was necessitated by the action of the state interscholastic league authorities in placing the Wortham Bulldogs in this district, giving a membership of nine high schools. Only Wortham and Fairfield are appearing in a team in that district and Fairfield is being placed in a district farther south. This district now embraces teams in Navarro, Hill, Ellis, Henderson and Freestone counties.

**Rules Be Enforced.**  
It was stressed at the meeting that all interscholastic league regulations will be enforced during the approaching season. It was found that an ineligible player was used last year by Italy. The Italy High school forfeited the games involving Italy this year, it was stated.

The committee that prepared the revised schedule was composed of District Chairman Ray L. Walker, Dawson, L. L. Wilkes, Hubbard, G. H. Wilmon, Kerens, and Mr. Caldwell of Wortham. Others present at the meeting included H. A. Garland, Mildred, W. V. Harrison and Mr. Bennett, both of Frost; J. T. Black, Blooming Grove; Mr. Chaney, Trinidad, and an Italy representative.

**1943 Schedule.**  
The schedule announced Thursday afternoon by the committee follows:

Sept. 24—Italy and Blooming Grove, Kerens and Trinidad. Dawson at Frost, Hubbard at Wortham, night.

Oct. 1—Blooming Grove and Trinidad, Italy and Frost, Kerens and Wortham, Mildred at Dawson.

Oct. 8—Trinidad and Frost, Blooming Grove and Wortham, Italy and Mildred, Hubbard at Kerens.

Oct. 15—Frost and Wortham, Trinidad and Mildred, Blooming Grove and Hubbard, Italy and Dawson.

Oct. 22—Wortham and Mildred, Dawson at Italy and Trinidad.

Oct. 29—Hubbard and Mildred, Dawson at Italy and Trinidad.

Nov. 5—Kerens and Dawson, Italy at Hubbard, Blooming Grove and Mildred, Trinidad and Wortham.

Nov. 12—Dawson and Hubbard, Kerens and Mildred, Italy and Wortham, Blooming Grove and Frost.

Nov. 19—Italy and Kerens, Blooming Grove and Dawson, Trinidad and Hubbard, Frost and Mildred.

**Titular Play.**  
The two high teams at the end of the regular schedule will clash for the district championship and the right to compete in bi-district play. In the event of a tie for second place, a flip of a coin will decide it, it was stated.

It will be necessary for several of the teams to cancel and change tentative non-conference games following the changing of the schedule, and the sites and times for the tilts in most instances will be determined later by the coaches and school authorities.

OBITUARY.

Lester M. Clark, was born June 1, 1894, at Kosse, Texas, died at Fort Worth, May 27, 1943. He married Ethel Melton, Oct. 25, 1916. To this union one child was born. Mr. Clark professed faith in Christ at the age of 24, joined the Pleasant Grove Baptist Church, where he served as Sunday School teacher, superintendent and deacon for several years. He remained a member of this church until death. After the funeral, conducted by Rev. Theo Vaughn and Rev. C. R. Rhoades, the body was laid to rest in the Dresden cemetery. He leaves a wife, son, granddaughter, and a host of relatives and friends to mourn his departure.

Our deepest sympathy goes out to these loved ones, for he was a devoted husband and father. We know they miss him very much.

SICK AND CONVALESCENT.

Miss Faye Quinley is a medical patient at the Navarro Clinic.

Katie Jo McCarty had a tonsillectomy at the Waters Clinic Wednesday morning.

Jodie Holloman is a medical patient at the Waters Clinic.

MANY CAUSES FOR JUVENILE  
DELINQUENCY IN CORSICANA  
SERIOUS SITUATION EXISTS

By CLARECE REDDEN  
Daily Sun Staff

It has been said by many unknowing citizens of this city and even by several unsuspecting governing officials that "we are a lucky people," and that "this is a fortunate city."

The reasoning behind most of these statements lately is that since Corsicana is not considered a defense industry town, born of World War II, and thriving on war workers, it has not been besieged by the wave of juvenile delinquency that has stormed every city of any size in the United States.

Though the disease of delinquency has not run rampant through our streets as has that of some epidemics, yet many homes and lives have been broken and deformed by juvenile delinquency here in our midst.

Condition Not New.

It has not sprung suddenly out of homes where mothers are "doing their part on the home front" by riveting and repairing airplanes while fathers serve on the battlefronts. It is far deeper and much older than that. It has been going on in Corsicana years before even the first World War, at the beginning of the city's foundation, since the first divorce law was made and since the first atheist came into being.

The problem is a growing thing; it is taking a prominent place in our life. It has found a comfortable seat, folded its arms, and propped its feet high, determined to stay in our midst, unsuspected, uncontrolled, and unhampered. Its victims are the children and young people who will some day be the governing officials and citizens of Corsicana.

Old at Seventeen.

One little girl in our town, who is very small and undernourished, for her seventeen years, was left with her grandfather, who gave every cent he could beg and borrow to feed her. He knew a girl must have a home, so with his weather-beaten, knobby hands he constructed a one-room shack on the edge of town—cold in the winter, wet in spring, but shelter, nevertheless. Her wide, hungry eyes attracted a man, a married man with children. The affair ended in desertion and divorce, a broken home for a woman and two small children, who will soon know the penalties of being fatherless. Is the young girl married and happy, you ask? Besides hunger, her eyes now show extreme misery and distraction. She is an old woman at seventeen.

A growing boy, just the age of a Boy Scout, entered a store, picked up a case of fruit jars, and walked out—years in years, but old in the game of theft. When questioned him, officers were told by the child, and later confirmed by his mother, that he had been directed by her to stay away from home until he could return with the fruit jars. He was given money with which to purchase them.

**"Waiting in Hotel."**  
A young girl and her friend were out on the highway at a honky-tonk, dancing, drinking and making eyes at every man who looked in their direction. A long distance phone call, and one of the girls was off to Waco to meet a soldier friend of her husband who "will be waiting at the hotel" for her.

One mother said to those who tried to help her son: "I will never correct him. It is up to the Lord to guide my son." She is now addressing his letters in care of the reform school.

A sixteen-year old girl was permitted by her parents to move to Waco by herself to find a job, any kind of a job she could with little education and no experience to back her up. A drug store hired her and she lived in a room alone. Soon she was attracted to a married man with whom she kept frequent company. She has now returned to her parents, dejected, broken, her youth gone.

Three 16-year old girls ran away to find happier days and more suitable living conditions. Their first night was spent out in the country with boys who had picked them up.

**One Visited Soldier.**  
One little girl, 16, went to Abilene to see a soldier, not her husband. She was discovered by the United Service Organization there and given money to return here. Taking up conversation with a drunken soldier on the bus, and getting off the bus at a small town, she never arrived in Corsicana, and has not been heard of since.

During the last month, United Charities here has handled five delinquent cases. Many others

Food for Freedom  
Exhibition, Rodeo  
Program Complete

A preliminary checkup Wednesday by Robert G. Dillard, manager of the Food for Freedom Exhibition and Texas Championship Rodeo, indicated that all departments are "ready to show" nearly a week before the scheduled opening next Tuesday afternoon.

"We've finally made arrangements for a carnival to show during the five-day fair and rodeo and are now waiting for priorities required by a railroad to bring the carnival here," Dillard said today.

"All committee chairmen report they are ready to go," he said. Entries in the livestock show have been received from as far south as Houston, the manager declared; dairy cattle are entered from Waco, Groesbeck, and Marlin; and the swine show will have entries from nine counties.

Dillard said entries in the poultry exhibit have been received from "practically every community for 50 miles around."

All commercial space has been sold out in the agricultural building and exhibits have been taken by "win the war" clubs including the Boy Scouts, the Camp Fire Girls, the Nursery School, the WAC, the Navy, the OPA and other similar organizations, according to Dillard.

He said the Ennis high school band, one of the few in the state that has as large a personnel this year as it had last, will march in the opening parade. Aviation cadets stationed at Corsicana Field also will march in the parade and have charge of the amateur hour Tuesday, Wednesday, Thursday and Saturday. The amateur hour will be turned over to negroes on Friday night, Dillard said.

More than half of the rented office space in Manhattan is less than 20 years old.

Need Truant Officer.

"What we need in Corsicana is a probation and truant officer who will see that compulsory education is carried out. Housing condition should be improved in the city and a program of game supervision should be worked out so that children who travel together could be guided in the right line. Parents should assure the equal development of their child's four sides, physical, mental, moral and spiritual. Families that work together, play together, and pray together, stay together," Miss Helms declared.

N. Suttle Roberts, president of the State National Bank and YMCA, asserted that the problem can be blamed on the 40-hour week, which makes it necessary for some mothers to work to augment the family earnings and thereby neglect the upbringing of their children.

**Most Feel Responsibility.**  
"Ninety-nine per cent of the cause is attributed to home environment of poverty and ignorance," David Ralston, assistant district attorney, assured. "Children should be made to feel responsibility and pride and parents should be shown responsibility that they owe to their children."

Many organizations and individuals in Corsicana realize the urgent need of abating this problem and have taken action against it. The United Charities, Boy Scouts, Camp Fire Girls, Salvation Army, and Red Cross have actually worked with and aided this problem. Other groups and organizations have studied the problem, caused and prevention, but have taken no drastic and active measures or activated noticeable change in the guidance of the youth of this city.

The reduction of juvenile delinquency will require a united and total counter-attack and the attention and interest of every individual and organization here, just as war bond drives, county fairs, and health prevention. It will take many changes in many lives and habits, and will require psychological and sociological alterations that will be felt for generations to come. Action will be the only solution.

Important Meeting  
Called by Negroes

A general mass meeting of the membership of all negro churches and civic organizations has been called by the Negro Ministerial Alliance for Friday at 8:30 p. m. at the Bethel AME church, according to announcement by Rev. A. L. Moore, president.

Important business is to be transacted, including the Food for Freedom Queen runoff, the organization of a mass chorus and completion of the general program in connection with the amateur hour for Negro Day at the Fair and Rodeo, Moore stated.

ALL CIVIL CASES  
IN DISTRICT COURT  
SET OCTOBER TERM

All civil cases on the docket of the Thirteenth Judicial District court have been set for trial during the October term of court, beginning October 4, and ending, Dec. 25, 1943, Judge A. P. Mays, has announced.

The first and twelfth weeks will be for non-jury cases. Civil jury weeks will be the second, third, fourth, fifth, ninth and eleventh weeks, while jury criminal weeks will be the sixth, seventh, eighth and tenth weeks, according to the printed docket for the term.

A special judge will sit during the ninth week, beginning Monday, Nov. 29, when cases in which Judge Mays is disqualified will be called.

The docket will be called on Mondays on civil weeks and announcements requested. The juries will report on Tuesday. Juries during criminal weeks will report on Mondays.

"It is the intention of the court to give all parties and attorneys ample notice in advance of the setting of cases for trial. Upon the call of the docket the litigants or their representatives must appear in the interest of said suit, otherwise, it will be dismissed," is the sixth rule appearing in the docket.

The rules announced by Judge Mays also state that "the cases will be called in the order in which they are set and announcement expected in all cases. Upon the completion of the trial in one, the next case in order in which an announcement of ready for trial has been made, will be tried."

BOND DRIVE

CONTINUED FROM FIRST PAGE  
spent for bonds since the first drive started.

Meanwhile, County Chairman Joe E. Butler read an encouraging note into the drive as Italy withdrew from the war.

"The United Nations have driven

Personal Mention  
Of Kerens Folk

KERENS, Sept. 9.—(Spl.)—Mrs. Carrie McKinney and daughter, Melba; Mrs. A. L. Bain and daughter, Ann and Miss Annie B. Ford spent Friday in Dallas.

Misses Dorothy Jean and Jo Ann Hardy of Mannos, Brazil, are visiting Miss Ann Bain this week. The girls are daughters of Rev. and Mrs. Clem Hardy who are missionaries to Brazil. Mrs. Hardy returned to the states with the girls and will receive medical treatment before returning to South America. Dorothy and Jo Ann will remain in Waco with their grandmother, Mrs. T. E. Cooper and attend school in Waco this year.

Mr. and Mrs. Howard Brogan and daughter, Jenny have moved to Kerens from Cotton Valley, La., and are located in the Andrew McClung home in South East Kerens.

A. L. Bain and son, Robert Allen, were Fort Worth visitors Tuesday. Mr. and Mrs. Robert Tyus had as their guests over the week end their daughters Anna Ernest of Orange and Robbie Frances of Houston.

Miss Cecil Ross of Orange spent the week end in Kerens with her

one step nearer their goal now that Italy is out of the war," Chairman Butler said. "It is therefore, more imperative that we furnish our men with guns, ammunition, planes and equipment to run the last German out of Italy, and to invade the continent for the final kill."

"It is up to every man, woman, and child in the county to take this war to heart," he said. "It is their war. The quickest way to win it is to buy bonds to buy bombs for the Allies. The more equipment we give our men the quicker it will be over."

Chairman Butler said he had received encouraging reports on the sale of bonds during the first day of the month-long campaign to raise 15 billion dollars. He added, however, that he expected no actual reports from his various county chairmen until some time next week.

father E. H. Ross and sister, Miss Lillian Ross.

Miss Maude Bostic of Denison is visiting friends in Kerens this week.

Mr. and Mrs. Horace Word of Houston visited in the home of their cousin, Robert Tyus, and family during the week end.

Bobby Jean Dobbs who for the past several weeks has been employed in Ornage came to Kerens Saturday and was accompanied back Sunday by his mother, Mrs. Arlie Dobbs.

Mr. and Mrs. Milton Temple of

Houston spent the week end in Kerens with the latter's parents Mr. and Mrs. E. L. McCluney. Mrs. McCluney accompanied them home Sunday for a two weeks visit.

Mr. and Mrs. Clifton Spurger and son, Jimmie, of Houston, visited their parents, Mr. and Mrs. Jim Spurger over the weekend.

Miss Julia Callcutt returned from New York City over the week end and enjoyed a visit in the home of her parents, Mr. and Mrs. J. S. Callcutt, before leaving for Austin.

ITALY FELL

That saved many an American boys life, but let us not get over confident and quit raising food and buying War Bonds. One thing it means that we will have to feed them a year before they can get started again. Raise more food and keep on raising more food.

Bring Us Your Hens, Fryers, Eggs and Butter.

We will pay you in cash the very highest market price.

## RAYMOND RAPHAEL, NATIVE OF ENNIS, DIES IN DALLAS

Raymond J. Raphael, aged 46 years, assistant cashier of the Republic National Bank in Dallas, was found dead at his room in Dallas Wednesday. A great attack was ascribed as the cause of death.

A native of Ennis, he had been connected with the Dallas bank for 23 years, but had never missed spending the week-end in Ennis with his mother and other members of his family.

Funeral services will be held at Ennis Friday afternoon at 4 o'clock with burial in the Hebrew cemetery.

Survivors are his mother, Mrs. E. Raphael, Ennis; a brother, Ernest Raphael, Ennis; and three sisters, Mrs. H. E. Pelta, Cincinnati; Mrs. F. H. Blumental, Los Angeles, and Miss Julia Raphael, Ennis.

Raphael frequently visited in Corsicana.

## MILDRED SCHOOLS WILL OPEN MONDAY, SEPTEMBER 20TH

The schools of the Mildred district will open Monday, September 20, with the following faculty:

W. A. Garland, superintendent and mathematics.

B. M. Garland, principal and history.

B. F. Hall, vocational agriculture.

Mrs. Edith Pollock, vocational home-making.

Miss Eloise Johnson, English.

Miss Ruby Faye Wells, commercial work.

Mrs. Aaron Montgomery, seventh grade.

Miss Carrie Abernathy, sixth grade.

Mrs. B. M. Garland, fourth and fifth grades.

Miss Mary Patterson, second and third grades.

Miss Mattie Gunn, beginners and first grade.

The school buildings, buses and grounds are being conditioned for the year.

## Sunday Homecoming Day First Methodist

Sunday will be observed as Home Coming Sunday at the First Methodist church and church school.

Rev. Edwin F. Bohm, pastor, states that after a torrid summer and the polo scare, the membership should be ready to resume the regular program of activities.

Every church school pupil should return to Sunday school for the fall semester and every church member should be present for the church services Sunday in order to make Sunday a real Home Coming Sunday.

## MARCUS ISLAND

CONTINUED FROM FIRST PAGE

Admiral Chester W. Nimitz, in a communique yesterday disclosing the first details of the raid, estimated that fully 80 per cent of the military installations on Marcus were destroyed.

The bombers made 300 individual runs. The fighters, which wiped out seven twin-engine bombers, parked in a line, made 350 strafing runs and fired 150,000 rounds of ammunition. Delayed action bombs churned areas of smoke and fire into a fury.

The fires were so intense that they still were burning a day after the raid. All this occurred in an area covering only 740 acres.

Ready for More

Despite such devastation, the task force stood ready and willing to deal more. Capt. Wallace M. Beakley, of Vineland, N. J., air operations officer, said the American ships were on the prowl from a Japanese naval force and "were fully prepared for anything we expected to meet."

One ship's air officer answered my question as to how many enemy planes the task force was prepared to take on by saying, "up to a hundred bombers."

The price paid by the task force, under command of Rear Admiral Charles A. Pownall, was two fighters and a torpedo plane.

(The Marcus raid first was disclosed by Tokyo in a broadcast Sept. 1 warning the Japanese the American task force could have struck at the Japanese mainland had it so chosen. The navy in Washington confirmed the raid but the details were not available during the task force's necessary period of radio silence.)

## ROOSEVELT

CONTINUED FROM FIRST PAGE

"new, well-considered plans for the future."

"But throughout these conferences we have never lost sight of the fact that this war will become bigger and tougher," he said, "rather than easier during the long months to come."

The enemy will surely be watching the outcome of the bond drive, the President asserted, for "every dollar that you invest is your personal message of defiance to our common enemies—to the ruthless savages of Germany and Japan."

## THE WAR TODAY

CONTINUED FROM FIRST PAGE

Thus the Nazi Fuehrer's whole vast eastern front, and its continuation down into the cockpit of the Balkans, is rocking under the impact, direct or indirect, of the various allied operations. The efforts of each ally are bolstering those of the partners. It's important that we keep this firmly in mind, in the interests of unity.

Nazi Slay Austrian.

NEW YORK, Sept. 9.—(AP)—Kurt Von Schuschnigg, son of the former Austrian chancellor, was beaten to death by Nazi storm troopers early last year in a concentration camp near Berlin, according to Austrian Action, Inc., unofficial Austrian organization here.

CORSICANA, TEX., SEPT. 10, 1943

**THE GREAT DAY**

Invasion of the continent marks a milestone in the winning of the war. Going into the very bottom of the boot of Italy is not quite the same as going across the channel into France, but it is the first step. The rest will follow.

There is less excitement in the United States than might have been expected. This is doubtless because the invasion has long been looked for, but now that it happens the prevailing feeling is one of relief. The drawn-out suspense as to when and where it would begin is over.

There is, however, a tightening of the heart-strings. For almost every American has some relative or friend in the fighting forces now marking time for the big rush. With a sudden lift of the head and tug at the heart the stay-at-homes say to themselves, THIS IS IT!

They are prepared to meet what must be met. They have counted the cost. And they welcome this red-letter day which marks advance toward liberation.

**RISK CAPITAL**

It is well known that there is far too much money now carried around in people's pockets or deposited in bureau drawers and old shoes. And a time is coming when it must be put to useful purposes. Congressman Charles S. Dewey of Illinois is trying to get federal tax statutes revised so as to create new incentives for investment. He points to the need of greatly expanding private industrial enterprise when the war ends.

"If risk capital is to be induced to resume its historic place in American industrial development," he says, "our tax law should be so amended as to offer incentives for new and uncertain undertakings."

There should be no divided opinion about that. The war necessarily centers nearly everything in the hands of government. When it is over, there must be a great surge of investment into private undertakings again.

**PORTUGUESE INDIA**

A second exchange of civilian prisoners will take place with Japan in mid-October. So Acting Secretary of State Sumner Welles announces. Some 1,500 Americans interned in the Far East will thus be brought home.

An interesting item about this exchange is that it will take place in Portuguese India. To many people it was news that there was such a place, or that India was anything but British.

Though India is perhaps 99 per cent British, it is not completely so. The town of Pondicherry on the east coast is French, a fragment left from the days of the 18th century when France was so strong in India that she lacked but little of making all the country her own. And on the west coast is the province of Goa, the seat of Portuguese India.

Like Macao in China, and Timor in the East Indies, which were Portuguese before the Japanese came, Goa is a left-over from the days of Portuguese greatness. At one time Portugal's colonial empire was exceeded only by those of England and Spain. Even in this century Portugal as a colonial power ranked

**Edgar A. Guest**

The Poet of the People

**WEEKS AFTER.**

They waited to announce his death.

As if a week or two could spare the hurt of it, the sobbing breath, Or ease the grief his friends must bear.

They knew it on the day he fell. They had his name upon the list.

But waited first his kin to tell. As if by us he'd not be missed.

Then "died in action" came the word From some grim station far away.

And when the news of it we heard There was not much that we could say.

But loss is grief, however old, And time won't stay the tears we shed.

Though months go by before we're told Who loved him living, mourn him dead.

fourth, behind only England, France and Germany. While she had lost her greatest prize, Brazil, she still retained, besides the Asiatic towns, considerable territories in Africa.

Portuguese India is the nearest neutral spot where an exchange of prisoners can be arranged. No longer to it can be applied the phrase, "the world forgetting, by the world forgot." It will be remembered by prisoners and by everyone interested in them.

**MYSTERIOUS RUSSIA**

Captain Eddie Rickenbacker, recently back from Russia, adds his bit to the understanding of a great mystery. All the world has been amazed by Russian achievements in this war. Russia the enslaved, Russia the oriental, has seemed to prove herself in a world crisis the only power prepared to stop Nazi domination of the world.

In 20 years she has educated her people, modernized her life and industry, welded together her medley of nations, learned modern warfare and apparently saved modern Europe from the worst tyranny of modern times. Yet Russia goes her own way. She accepts help but makes no commitments. She might conceivably take over all western Europe if she chose, thus creating one great Eurasian continent, embracing half the world.

Will she use this giant's strength wisely, and withdraw to her own domain when her western job is done? She has plenty to do there for a hundred years. If she chooses such a constructive course, the future, as far as anyone now can see, may belong primarily to Russia and North America.

**STOLEN ART**

The Nazis, like some people newly come into riches, profess to admire the culture they do not possess. What they certainly admire is its possible monetary value. At any rate, while stripping the occupied countries of everything good to eat or usable, either in German homes or factories, they have not forgotten treasures of literature and art. Libraries and museums, public and private, have been stripped, and the contents removed to Germany. Remembering the similar plundering, on a far smaller scale, done by Napoleon, which enriched French museums, the Germans have counted on being able to keep their loot after the war.

Apparently they are due for a surprise. The appointment of a commission, headed by Justice Owen J. Roberts of the Supreme Court, has been announced by the State Department. This commission, which includes, besides several museum heads, Archibald MacLeish, Librarian of Congress, and ex-Governor Lehman of New York, now director of foreign relief and rehabilitation operations, aims to recover the stolen objects.

This is a field of reparations into which most peace commissions would not care to wander without expert guidance. The Roberts commission is in a position to give this, and to remedy some of the Nazi's most blatant outrages.

A Japanese Kiska means a hopeless Tokyo.

**THE TIME AND TIDE**

### Temple Beth El And IOOF Receive Bequests in Will

The will of the late Mrs. Rachel Cerf, resident of Corsicana for 70 years, was admitted to probate by E. D. McCormick, county judge, Tuesday. After a series of bequests for various purposes, the residue of the estate was left to her three grandchildren, Idalia Cerf, Robert Cerf and James H. Cerf, with James H. Cerf named independent executor. The will was executed, Dec. 19, 1938, and a codicil to the will was made Aug. 25, 1942. The codicil provided that 200 acres of the James Alston survey go to her great-grandson, Irvin Stephen Cerf, son of James H. Cerf.

The document directed that after all debts against the estate had been satisfied, that the following institutions be paid the stated sums:

Jewish Children's Home, New Orleans, \$250; Leo N. Levi Hospital, Hot Springs, Ark., \$250; Denver Hospital, Denver, Colo., \$500; Old Folks Home, I.O.O.F., Nashville, Tenn., \$500; Crippled Children's Home (Masonic Shrine), Dallas, \$1,000; I.O.O.F. Home, located west of Corsicana (in memory of her late husband, Louis Cerf), \$500; Trustees of Temple Beth-El, Corsicana, \$500; and \$1,500 to James H. Cerf, trustee, and his successors, the income from which is to provide for the care of the lots of the Cerf and Levy families in the Jewish cemetery west of Corsicana.

The will of Robert Cerf, deceased a grandson of Mrs. Rachel Cerf, who died the day following his grandmother's death, also was admitted to probate in orders granted Tuesday by Judge McCormick. Robert Cerf's will was made, March 10, 1938, and provided that after all just debts had been satisfied, his estates should go to his sister and brother, Miss Idalia Cerf and James H. Cerf, share and share alike, with his brother as independent executor.

Lee Megarity, who has been connected with the Tennessee Valley Authority, government power project, for the past two years, has returned to Texas to make his home. He will be connected with the Sinclair-Goodyear synthetic rubber plant at Houston. He and his family spent a week here with his parents, Mr. and Mrs. Jack Megarity, before leaving for their home in Houston.

### Cpl. Jas Wilkinson Awarded Air Medal Sicilian Campaign

Cpl. James Wilkinson has received the air medal award for achievement in the recent landing of troops in the Sicilian invasion with the North African Troop Transport Command, according to information received. He was one of 600 American soldiers cited, according to Associated Press dispatches.

Wilkinson entered the armed forces on January 12, 1942, and prior to that time was assistant manager of the A. and P. store about three years. He is a graduate of the Corsicana High School.

Corporal Wilkinson recently wrote his parents, Mr. and Mrs. W. Louis Wilkinson, 210 North Twentieth street, that he was with the first contingent landing air-borne troops in Sicily.

### M'KINNEY PREDICTS UNEXCELLED RODEO PERFORMANCE HERE

BEST AVAILABLE TALENT AND STOCK SIGNED FOR CORSICANA FAIR

"It will be one of the strongest arrays of stock and specialty acts ever shown in the rodeo at the Fair here," was the way W. E. McKinney, chairman, characterized this year's performance scheduled for Sept. 14-18 at the Food for Victory Show, Monday afternoon in a statement issued from his bed at the Navarro Clinic. The general chairman underwent an appendectomy last week and is recuperating fine. Unless complications arise, he is expected to be able to attend the rodeo performances.

Chairman McKinney pointed out that the program was ready and all contracts had been signed before he became ill, and stated that W. M. Spear, assistant chairman, would be in complete charge of the 1943 rodeo.

The chairman also is well pleased with the arrangements for the pageant.

"The pageant this year will be one of the most spectacular and colorful ever shown here," McKinney said, and then described the show in detail, including the support of 50 aviation cadets as an added feature. The flags of the 22 Allied Nations will be present each evening with sponsors from Kerens, Frost, Teague, Blooming Grove, Wortham and Corsicana. Riding snow-white horses and with half of the flags being carried by boys.

Terming the cattle and horses contracted for this year as the best in history, McKinney said that the bareback bronc riding horses are coming from the Texas prison system, but all other stock will be from the Homer Todd ranch, Fort Smith, Ark.

Ready for Brahmas. While discussing the wild cattle to appear in the show, McKinney revealed that the Brahmas fighting stock was "condemned" and most cowboys refuse to meet them in the arena, but that George Tyler, contracted for the Corsicana show, is ready for them. The horses in the show are from Missouri, Todd has announced.

Bucking bronses from the pen-

**Judge McCormick Recovers.**

E. D. McCormick, Navarro county judge, returned to his office Tuesday after a several weeks absence because of illness. He attended a special session of the commissioners court Friday afternoon when the 1944 budget was finally adopted, but did not come back to his office until Tuesday.

### Much Damage Is Reported Result Creek Overthrow

Widespread damage is feared in Chambers creek lowlands from floodwaters fed by torrential rains on the upper watersheds during the week-end. It was reported here, Monday morning at Purdon, but is not expected to cause any damage unless additional precipitation is sustained.

Rains ranging from six to 14 inches are reported to have fallen in Ellis county from Italy northward and in the vicinity of Grandview and Johnson county where Chambers creek heads.

Jim Taylor, commissioner of precinct 1, Corsicana, said that 14 inches precipitation was reported at Grandview where extensive damage was done rail dunnies, etc., while reports from the Cryer Creek area said that Chambers creek was higher than in several decades.

It was stated that a break in a small levee north of Corsicana had been reported.

Bumper cotton crops were inundated along the lowlands not protected by embankments and unless the water subsides quickly, widespread losses are feared.

Travelers along Highway 75 Monday and Tuesday morning said that the floodwaters of Chambers were high.

tentary will be the "top end of the horses being ridden weekly for eight weeks," McKinney pointed out, and will be the best available.

There will be 30 Erahma calves here for the rodeo that have never been roped. They will also be from the Todd ranch. McGlaughlin Brothers of Fort Worth, roping and trick riding stars, return this year. That they are top-ranking showmen is proven as they appear each year in the Madison Square Garden arena in New York City, and will return to the Garden this fall.

Weaver and Anita Gray, a team of riding and roping experts, will be back this year.

As far as the rodeo is concerned, the only thing remaining is the time for the beginning of the opening performance, the chairman asserted.

### CORSICANA FIELD GRADUATE WOUNDED 125 TIMES IN LEG

A War Department news dispatch from Washington stated that Capt. William P. Norris of Cedar Rapids, Iowa, who received his primary training at Corsicana Field, now a fighter pilot of the United States Army Thirteenth Air Force in the South Pacific, returned to his home base in a badly damaged P-40 Warhawk after receiving 125 wounds in his leg and downing two Jap planes.

Captain Norris spotted a twin-engine Japanese bomber and shot it down, when he was part of a flight intercepting a Jap air attack. A Zero slipped up behind him and shot his plane out of control as he downed another zero. Straightening his Warhawk out just fifteen feet above the water level Capt. Norris headed for home base, where he made a crash landing when his landing gear would not work.

On the ground he discovered that he had received 125 wounds in one leg from shell fragments. "The whole affair was like a picnic," the captain said.

He received his flying training at three Texas fields, Corsicana, Randolph and Kelly.

### Hill County Tax Rate Reduced

HILLSBORO, Sept. 8.—Reduction of the county tax rate 12 cents and reduction of expense in the amount of \$45,680 for the next year by the county commissioners court has been announced by County Judge Sam Glass. Reductions were made on the improvement fund and county bond issues. The county tax rate for 1944 will be 48 cents on the \$100 valuation. Rates in nine bond issues were reduced.

**Pipeline to Corsicana**

WASHINGTON, Sept. 8.—(AP)—The War Production Board (WPB) has approved construction of an oil pipeline from Midland to Corsicana, Texas, Interior Secretary Harold L. Ickes said today. Ickes said the new pipeline will carry 42,000 barrels of crude oil daily from the Seminole and adjacent producing fields to connecting pipelines that serve refineries on the Texas Gulf Coast.

# The More Bonds and Sweat —The Less Blood and Tears

A MESSAGE TO EVERY ONE OF YOU

## From Corsicana's Army of Retail Store Employees

How did you fare at your job today?  
Pushed by work and trouble—pressed by prices?  
Too few ration points and little gas?  
*Your lot is bonds and sweat.*

*There's a kid Marine over there . . .  
Panting his heart out in the thick wet jungle heat,  
Watching life run from him in a lazy ooze—  
HIS lot is blood and tears.*

"Blast such dumb help anyway—they burn you up."  
"Why . . . strawberries and a cabbage cost a buck today!"  
"The laundry took two weeks—things are getting awful."  
"Jack and I saved only a hundred dollars this month!"  
How much bonds and sweat is this!

*There's a Sailor up where the sea is bitter—  
Waiting for a stretcher, groaning in his sleeve.  
. . . Sometimes such numb legs walk again.  
Good God, they've GOT to!  
Blood and tears.*

Bonds and sweat's our lot—yours and mine at home.  
Dollars loafing around are blood money—  
Don't own slacker dollars—make them fight!  
Every bond you buy means less blood and tears.

*Look . . . it's a terrible thing . . . one minute he was here,  
Laughin' and scratchin' out a fox-hole  
Then a kick of dust in the dirt beside 'im...  
Dead! I never saw a man die . . . DIE . . . he's DEAD.  
Blood and tears!*

### It's EASY to Buy BONDS

Loaning money to win the war is easy. Any store or bank or other "issuing agent" can take your money and immediately deliver your bond made out to you. You pay \$18.75 for a bond you can cash in for \$25 in ten years. A \$50 bond is \$37.50, a \$100 bond is \$75. The bigger the bond the less it costs the government and you in bookkeeping. If you need your money in less than 10 years, you can get it any time—with earned interest. Buy a *big* bond today to start this \$15,000,000,000 loan off with a bang! And for your future!

### The War is Not WON

Our armed forces have a continuous fighting job. And so it is with buying bonds. Buying bonds is a continuing responsibility for everyone who can scrape the price of a bond together at any time. You should buy bonds every month, or every week, if you can. Money you lend for bonds goes into the war at once, keeps out of consumer markets, and therefore helps fight inflation. Bond money is *double duty money*—fighting the war on foreign fronts and inflation on the home front. Keep buying bonds.

★ In this \$15,000,000,000 Third War Loan Drive, which STARTS TODAY, America's army of 5,000,000 retail employees is drafted to seek out America's loafing dollars and get them into fighting bonds. Our job is selling bonds, to help you do yours, which is buying them. We're buying them, too. Let's be proud of ourselves through bonds and sweat. Meet us halfway and start buying today . . . will you please?

★ ★ *Back the Attack with Bonds!* ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

## EFFORT BEING MADE IMPROVE SANITARY CONDITIONS CAFES

AUSTIN, Sept. 9.—(Sp.)—"Texas health officials are making every effort to improve the sanitary conditions of public eating places, and in addition schools are conducted to instruct foodhandlers. Moreover, there are laws, rules, and regulations regarding the use of approved equipment and methods in such establishments. Nevertheless, one of the most forceful influences for sanitation is not being used and that is the public's unfavorable reaction toward dirty and insanitary places," states Dr. Geo. W. Cox, State Health Officer.

"The public cannot do the job entirely, nor can health departments bring about desirable and essential practices without the help of the public. As for hygienic practices, persons serving food and drink should be clean; should not cough and sneeze over the utensils and material served; should keep their hands away from their mouth and nose, hair and face, should handle all utensils by the outside instead of putting their fingers on the inside of service utensils. These are conditions a person can see, and unless these safeguards are practiced, disease may result."

Also milk served can be appraised by the patron. Texas law requires that a milk bottle cap state grade of milk and whether it is raw or pasteurized. However, if milk is brought to the patron in a glass, he cannot know whether it is from a graded supply or whether it is raw or pasteurized, but if served properly in its original container, with covered cap and legal label, the patron can secure from the label the information he should have before ever being willing to drink strange milk.

The patron should note sanitation conditions in food establishments. Are the floors, walls, ceiling clean? Are tables and counters clean? Are pies and other ready-to-serve foods protected from dust, dirt and flies? Are flies prevalent?

"Be assured that what can be seen as a patron at the table or counter usually will be many times better, cleaner, and safer than conditions in the kitchen and other places out of sight of the patron," Dr. Cox warns.

## PACIFIC WAR

CONTINUED FROM FIRST PAGE  
medium bombers made 17 strafing passes along the valley road.

Tokyo Admits Italians Out.  
NEW YORK, Sept. 9.—(AP)—The Tokyo radio, in a broadcast recorded by United States government monitors, told the Japanese people today that Italy had surrendered unconditionally to the Allies and that the Japanese government "deems this most regretful."

Nevertheless, Japan is resolved to "crush America and Britain to

## HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY  
By VERONICA DENGEL

### POUNDS LIGHTER BY DIETING

I had a rather pathetic letter today from a girl who is overweight and has a bad skin. She says that her doctor tells her to lose weight—but tends to lose weight—she tells her there, leaving her to her own devices about diet and so on. Well, anyone needs a pattern—and I have sent her my 1-2-3 Diet—but so that all of you who are interested may start on this plan, I am giving you the first day herewith—and the 2nd day will follow tomorrow—then the third day—which is a Full Diet day—will follow that. You can lose 3, 5, or 25 pounds on this method. Simply continue the rotation until you have lost what you want to lose. And start tomorrow morning!

**First Day—The Liquid Day.** Total of 64 ounces, or 2 quarts, of liquid is to be consumed during the day. The liquids should be taken as follows:  
1 a.m.—8 ounces (tumblerful) of hot water with the juice of one lemon added.  
2 a.m.—8 ounces orange juice (unsweetened).

10 a.m.—5 ounces of vegetable juice, such as carrot, celery, spinach, parsley, cucumber, watercress or any combination of these, with a little lemon.

12 a.m.—8 ounces of clear vegetable broth—no meat stock.

2 p.m.—8 ounces grapefruit juice (unsweetened).

4 p.m.—5 ounces vegetable juice.

6 p.m.—8 ounces tomato juice (may be heated).

8 p.m.—6 ounces orange juice.

10 p.m.—8 ounces clear vegetable broth as above.

No other food of any kind is to be taken. The juices must be entirely unsweetened. Fresh orange juice and grapefruit juice should be squeezed as needed.

Canned tomato juice may be used if desired, and this may be heated if the weather is cold and a warm drink is preferred.

Tomorrow—Continuing 1-2-3 Diet.

All requests for personal "Health Beauty and Poise" information desired by Veronica Dengel's column followers will be accompanied by a fully self-addressed stamped envelope (4 x 6 x 1). Address: Veronica Dengel in care of this newspaper.

## Courthouse News

### District Court.

A temporary restraining order was granted by District Judge A. P. Mays in the case of J. E. McClure et al vs. W. T. Rawleigh Company, a corporation, et al, petition for injunction, and a hearing on the matter is scheduled Thursday. The restraining order stops the execution of an order to sell land in the William Clark survey to satisfy a judgment out of Sheriff Cap Curington.

## AERIAL

CONTINUED FROM FIRST PAGE  
Mitchells and other bombers roared out across the coast in packed formations.

Few Enemy Aircraft.  
The scarcity of enemy aircraft testified to the thoroughness of the allies' seven-day preliminary campaign against German operational bases in France and indicated the enemy's wariness to match his declining air strength against the allies' mounting superiority.

English coastal residents who went through the battle of Britain and subsequent allied forays said they never saw such a big fleet over such a short time as the procession of hundreds of planes which started over soon after dawn and still was being augmented two hours later.

The daylight assaults followed a night bombardment of targets in occupied territory by RAF planes.

May Mean New Thrust.  
The unprecedented daylight attack coming immediately after the surrender of Italy and the landing of allied forces in the Naples area, suggested that the allies might be launching a new thrust against the Germans.

There seemed to be no limit to Refining Company, 30 1-2 acres Pedro Quero survey, \$10.

Marriage License.  
Dillard Jones and Charlie Mae Tiller.

Justice Court.  
Two were fined by Judge Hayden Paschall on charges of violating highway regulations.

Three were fined on highway regulation charges by Judge A. E. Foster.

the number of planes leaving England. They appeared in groups of 50 or 60 flying low and fast and headed for France.

If the enemy was opposing the mission it was only close to the targets, for watchers armed with field glasses said that there was no sign of anti-air activity over the channel.

Yesterday's choice of targets indicated that the allied air forces were embarked on a systematic program to stamp out Nazi fighter nests one by one. Lille-Vandeville was attacked Aug. 31 and since that time the allies have rained destruction on about 30 other fields.

Yesterday's return to Lille-Vandeville indicated that they had run through the list and were starting out at the top of the batting order again.

A BOMBER STATION in England, Sept. 9.—(P)—With the sky full of "angels"—protecting Thunderbolt fighters—Flying Fortress crews went out whistling and came back smiling from smashing another French airbase today in the non-stop attack on what remains of the Axis.

Most pilots of the formation which plastered the French airbase said the mission between breakfast and lunch almost resembled an airline trip. All had slept contentedly last night after Italy's surrender.

Only a few bursts of flak were reported and, according to Lt. J. A. Butler, Alamoey Tex., one of the raiding pilots, there were "no fighters close enough to recognize them."

"It was something you dream about going on," he added, "even the P-47s didn't have anything to do except ride, so far as we could see."

## RUSSIAN

CONTINUED FROM FIRST PAGE  
today, the Moscow midnight communique reported.

LONDON, Sept. 9.—(P)—The Russians in a special order of the day tonight announced the capture of the North Ukraine rail center of Bakhmach, 15 miles west of Konotop and 110 miles east of Kiev. Bakhmach already has been partially bypassed by the swiftly advancing Russians who had captured several points to the northwest, cutting the railway to Gomel.

Marshal Stalin's order of the day was broadcast by the Moscow radio and recorded here by the Soviet monitor.

To Confiscate Danish Property  
NEW YORK, Sept. 9.—(P)—The Danish Kalunborg radio today announced a Nazi decree authorizing the confiscation of Danish lands and buildings for the use of the German army of occupation, the office of war information reported.

## Would Use Italian Prisoners.

WASHINGTON, Sept. 9.—(P)—Senator Downey (D-Calif.) suggested today using Italian prisoners to help alleviate manpower shortages in this country.

Replying to Downey's suggestion, made today before a senate military affairs subcommittee, Dr. Gustave Peck, war production board consultant on manpower, said he understood the WMC and the army had been conferring on the problem, but that he could not discuss the matter.

Secretary of War Stimson and other army officials declined to comment.

Field Marshal Barely Escapes.  
LONDON, Sept. 9.—(P)—The Italian news agency Stefani said today that Field Marshal Gen. Albert Kesserling, commander of German air forces in Italy, escaped "only by a miracle" when a bomb hit his house during the allied raid yesterday on Nazi headquarters in Frascati near Rome. The broadcast was heard by Reuters.

## IN UNIFORM

Mr. and Mrs. T. S. Patrick have received word that their son, Orrell Patrick, has recently been promoted to the rank of captain and that their other son, Pvt. Wm. Patrick, has been transferred from Ft. Leavenworth, Kansas, to Capt. Patrick's division in Camp Adair, Oregon.

Cpl. James C. Hollingsworth of Camp Young, Calif., spent the week end with his parents, Mr. and Mrs. J. C. Hollingsworth of Frost after graduation from medical school at Fort Bliss.

Pvt. John E. Spence, son of Mrs. W. E. Spence of 321 West Fourth avenue, has been promoted to the grade of private, first class, upon assignment to the technical school, army air forces training command, Sioux Falls, S. D., for training as a radio operator-mechanic. Upon completion of a 20-week course, he will be fully trained to fill his place as a member of a highly skilled bomber crew of the army air forces.

Cpl. Jack Coleman has returned to Randolph Field after spending a few days with relatives and friends here.

Cpl. Joe N. Weems grandson of F. L. Morris of Corsicana, has completed training and has been assigned to the technical school, army air forces training command, Chantrelle, Ill. While attending the school he received instruction in the propeller, specialist course.

Pvt. Jack L. Bessie, son of Mr. and Mrs. Jack Bessie of Navarro, has been promoted to the grade of private, first class, upon assignment to the technical school, army air forces training command, Sioux Falls, S. D., for training as a radio operator-mechanic. Pvt. Bessie was a paratrooper at Corsicana Field before his induction on April 23, at Mineral Wells, Texas. He graduated from Navarro High school in 1941.

Cpl. Taylor Wilkinson, U. S. Army, field hospital corps, recently was injured in an accident in Egypt, his parents, Mr. and Mrs. W. Taylor Wilkinson, 210 North Twentieth street, have been advised. The accident occurred about two months ago. Cpl. Wilkinson formerly was a clerk at the A. and P. Store here.

Meeting for the first time in two years, Roy M. Hopwood and his youngest brother, Dan, enjoyed a two-hour reunion recently in North Africa. Pvt. Roy M. Hopwood has been in the army for two years and has been overseas for several months. He served in the National Guard before joining the army. Dan L. Hopwood, seaman second class, left for overseas duty in July with the United States navy.

A letter received by Mrs. E. M. Hopwood, mother of the two boys, from Pvt. Hopwood, stated that he did not recognize his younger brother when they met, as Dan was only 16 when Pvt. Hopwood left for overseas duty.

Another brother, Cpl. E. M. Hopwood Jr., is enroute here from his station at Fort Lewis, Wash., his first trip home since March.

Joe D. Anderson, seaman second class, United States Navy, has been stationed at Camp Parks, Pleasanton, California. He got his boot training in San Diego, Calif. Anderson is the son of Mr. and Mrs. Gus Anderson of Corsicana.

Sgt. Robert T. Zube, who has just finished a two month maneuver, has been visiting his parents Mr. and Mrs. E. A. Zube and sisters in Corsicana, his two brothers John L. Zube and Henry E. Zube, who are employed as electricians at the Houston shipyards, and his friends and relatives in Hillsboro, enroute to his post at Camp Polk, La.

Second Lieutenant Donald Q. Adams of New Braunfels, Tex., has recently reported for duty and assignment at Gulfport Field, Miss., big Army Air Forces Technical Training School for airplane mechanics and Basic Training Center. Prior to entering the military service, Lt. Adams was manager of Lake Waco Country Club, Waco, Texas, and director of physical

## Social Revue

Mrs. Raymond Clowe and daughter, Carolyn, of Corsicana, are visiting in the homes of Mrs. Clowe's parents, Mr. and Mrs. H. T. Jackson, and other relatives.

## Kerens Band Mothers Met on Saturday

KERENS, Sept. 9.—(Spl.)—A group of members of the Kerens Band Mothers met Saturday afternoon in a clal meeting at the high school, with Mrs. Charles Reese, president in charge.

Minutes of the last meeting were read by Mrs. Wevman Price, a nominating committee, composed of Mrs. Jack Fite, Mrs. A. L. Bain and Mrs. Luther Westbrook, was appointed and the question of temporary uniforms discussed.

The schedule for the band of the band during the year was outlined by the new director, Miss Mary Frances Weedin, and a very profitable and enjoyable year is anticipated.

The next meeting of the Club is to be held Tuesday, Sept. 21, in the Band Room. Each band mother is urged to be present and do her part in helping to make the band one that will be a credit not only to the Baptist church, but to the town and community as well.

training, Corsicana high school Son of Mrs. W. H. Adams, N. Braunfels, Texas, he attended officers' Candidate School at Miami Beach, Fla., where he received his commission last month. He is a graduate of New Braunfels high school, and has attended Southwestern University, North Texas State Teacher's College, Sam Houston Teacher's College and Texas A. and M. He holds bachelors of arts and master of arts degrees and is a member of Kappa Alpha fraternity.

Bennie Lois Lancaster, Lois Nadine Colvin spent Sunday with Jeanette Reagan.

Mrs. Ruby May Simms and children spent the week end with Mrs. Med Colvin and family.

## COUNTY NEWS

## Barry Girl Weds Florida Man on Tuesday Evening

Miss Doris Watson, daughter of Mr. and Mrs. C. E. Watson of Barry, became the bride of Carl N. Ferguson, son of Mrs. Pearl Ferguson of Jacksonville, Fla., in an impressive double ring ceremony at the home of her parents on Tuesday evening at 6:30 o'clock with Rev. Vernon White officiating.

Mrs. Terry Sutton, pianist, of Corsicana played a medley of pre-nuptial selections, and used "The Bridal Chorus" from "Lohengrin" by Wagner as the processional.

The bride was attractive in a navy sheer with white accessories, and a gardenia corsage.

Her only attendant was Miss Lenna Dell Reed, who wore poufy blue, with contrasting accessories, and a corsage of Picardy gladioli. James E. Watson, brother of the bride, served as best man.

An informal wedding reception was held immediately following the ceremony. The bride's table was adorned with a three-tiered wedding cake, which was topped with a miniature bride and groom. Miss Reed had charge of the cake, and Miss Dorothy Ann Walton presided at the punch service.

Mr. and Mrs. Ferguson left on Wednesday for their home in Jacksonville, Fla., where Mr. Ferguson is an instructor in the U. S. Army Air Forces. For travel, Mrs. Ferguson chose a black gabardine tulle with white accessories and gardenia corsage.

Out-of-town guests in attendance at the wedding were Mr. and Mrs. Earl Woodall, Van; Mr. and Mrs. Ed Varnell, Italy; Mrs. Glynn Garrett, Waco; Mrs. Terry Sutton and Miss Eda Watson, Corsicana.

## Faculty Announced Zion's Rest School

The Zion's Rest School will open on September 15th, with R. C. Marshall as principal and the following teachers as members of the faculty: Mrs. Alton Truitt, Miss Edith Mitchell, Mrs. Maude B. Barton, Miss Christine Lane, Miss Blanche Slaughter, Mrs. Lillian Gladney and Mrs. Rufa Pritchett.

## Information From Navarro County Rationing Board

Red Stamp "Z" in War Ration Book Two became valid on Sunday, September 5, through October 2.

Ration rules require that you write the license number and state of registration of your passenger car on the face of all gas coupons in your possession.

For the next few months, permits for spare tires may not be granted except to police, firemen, and others who must drive at high speeds.

Ceiling prices have been set on practically every used, reconditioned, rebuilt, and renovated article on sale. Persons who have recently bought any of these price regulated articles or are contemplating buying them are urged to check on the prices charged for them. If you think that you are being overcharged, contact your local war price and rationing board immediately and file a complaint. Stores are prohibited by law from charging more than the ceiling price.

Shoe stores and dealers now must display the following notice at each place where shoe sales are made: "Rationing regulations prohibit this store from accepting loose war ration stamps for shoes selected or delivered at the stores."

A shoe stamp may be detached from a rationing book and sent with a mail order only if the customer, or his agent, does not personally select or receive the shoes at a shoe store's place of business. This should correct the practice that some customers have followed of selecting shoes at a store and mailing a loose stamp for delivery.

In case a customer inadvertently detaches his shoe stamps from his ration book, thus voiding it, he may, during the time the stamp is valid, go in person or write to the Navarro county war price and rationing board for replacement and the board may issue a special shoe stamp in exchange.

Buyers and sellers of used trucks must sign a certificate of transfer after September 15, 1943, according to Office of Price Administration regulations.

When properly filled out, the certificate shows the terms of the sale and declares that the maximum price regulations have been obeyed. No certificate of transfer is necessary for a sale to a dealer (a person who buys, sells, repairs, and reconditions used vehicles, and who maintains a place of business for these operations).

Certificates may be obtained from the Navarro county war price and rationing office.

Trucks are no longer priced as "reconditioned." Instead, if you are a dealer, you may sell a truck with a warranty statement which warrants that the vehicle is in good working condition. With this statement, you warrant that the vehicle will remain in good condition for thirty days, or for at least 1,000 miles, whichever occurs first. Under the warranty, the buyer must bring the vehicle to the dealer for service. Vehicles are now depreciated yearly, instead of monthly or semi-annually.

The certificate of transfer is the main instrument for enforcing the price regulation. Dealers are also required to keep records and copies of warranties. Violations are subject to the usual enforcement actions and penalties: Revocation of license after due warning, suits for treble damages, injunctions, fines, or imprisonment.

## Johnson Leaves For Washington

Congressman Luther A. Johnson left Thursday for Washington after several months stay in Texas and his Sixth district. Congress reconvenes Tuesday.

In discussing the lightning changes of the war incident to the surrender of Italy, the Corsicana congressman expressed delight in the turn of events and asserted that it would mean the saving of many American lives and would materially shorten the duration of the war, giving the Allied nations a quicker and better chance at Hitler.

The Corsicana congressman is vice chairman and ranking democrat on the House Foreign Affairs Committee.

## Corsicana Girl to Train for Position As an Air Hostess

Miss Jo Peacock, daughter of Rev. and Mrs. A. A. Peacock, has been accepted for nurses' training preparatory to becoming an air hostess. Miss Peacock will enter John Sealy Hospital in Galveston on October 28th to begin her training.

## Flowers for Funerals

You will find us prepared at all times to furnish the proper flowers. Phone us your orders or come see us.

620 North 15th Street  
Telephone 443, Corsicana, Tex.

## EVERY CO-OPERATION PLEDGED BY ENTHUSIASTIC CITIZENSHIP IN PUTTING OVER BOND QUOTA

Fred H. Harvey, Jr., was appointed city chairman in the Third War Loan Drive to raise Corsicana's \$2,204,000 of Navarro county's quota of \$3,082,700 at an enthusiastic meeting Wednesday morning at the city hall.

A. F. Mitchell and Jim Collins were named co-chairmen to assist Chairman Harvey.

A handful of men and women called by County Chairman Butler accepted the challenge to raise a quota which was described as being "higher on a per capita basis than Houston's or Dallas' quotas," and which will be reached only when "twenty-five cents out of every dollar deposited in the banks of Navarro county" is spent for war bonds.

Quota Can Be Met.

There seemed to be no doubt in the minds of the committee that the quota can be raised, and as ideas began to come forth for ways to sell bonds the enthusiasm reached a high pitch.

County Chairman Butler announced the city and county quotas and expressed his enthusiasm with the statement that several persons had told him they were planning to buy three times as many bonds in the Third Drive than they did in the previous one.

Barry Burke, manager of the Interstate theatres here, said he had gotten two movie stars to make personal appearances in interest of the bond sale, and suggested that they be given a place on the rodeo program. He also said he would get one or more pictures here for their premier showing and that the price of admission would be the purchase of a bond.

Cadets Will Participate.

Plans were discussed for a rally to be held at Tiger Field. B. Wynne Woolley said he would have the aviation cadets at Corsicana Field to march at the rally, and Chairman Butler suggested getting two men from a nearby hospital who were injured in active combat duty to be the speakers.

Ed Rittersbacher said the American Well and Prospecting Company would put up a thermometer to show the progress of bond sales.

Mrs. W. H. Hastings was put on a speakers' committee with Judge A. P. Mays and Tom Tyson as co-chairmen.

Women will be asked to help

through their clubs, the schools, the Parent-Teacher Associations, Kin-sloe House, and other groups. Plans were discussed to have booths on the streets with high school girls in attendance.

The possibility of giving buttons to everyone buying a bond was taken up for consideration. It was announced that there would be a bond booth and public address system at the Food For Freedom Exposition and Rodeo, and that there will be a bond car in the parade next Tuesday morning.

Committee Named.

Following is the committee appointed by County Chairman Butler to assist City Chairman Harvey in putting on the campaign:

ler, Dick Cridle, County Judge E. D. (Dit) McCormick and Jay A. Silverberg.

Kerens Fishing Party  
KERENS, Sept. 9.—(AP)—Mr. and Mrs. Milton Temple, Ben Slay, Sam Crowley and Mr. and Mrs. E. L. McCluney enjoyed

an early morning fishing contest at Trinidad recently and report a most enjoyable time and also good luck at fishing. Mr. Temple caught the big fish, and it didn't get away.

Mrs. Anna Daniel spent Tuesday night with friends in Kerens.

Cemetery Meeting  
The Oak Valley-White's Chapel circle of the Hamilton-Beeman Cemetery Association will meet at the home of Mrs. F. P. McCuiston Tuesday, Sept. 14 at 3 o'clock. All members are urged to be present.

CARD OF THANKS.  
We wish to take this means to thank our many friends and neighbors for the many courtesies at the funeral of my husband and our father, J. R. Castellaw, and for the floral offerings sent. MRS. J. R. CASTELLAW AND CHILDREN.
